Having, by a carefully prepared article on smallpox, -which was indorsed by the regular medicine mer of Lexington; -and by another on cerebro-spinal meningitis, - which was applauded by everybody in this city, who hadn't contracted that disease, -been dubbed a "Doctor," we reasonably assume that we now have more right than ever before to enter into discussions of the nature of the ills that afflict bumanity, and their remedy. With this introduction, we wish to say that we disagree with a Livingston (Ala.) doctor -J. J. Knott-who declares that he has never failed to cure cerebro-spinal meningitis by this course of treatment: "Saturate a flannel cloth (folded several times thick) with turpentine, and lay it on the spine ; then pass a heated iron over the spine in the ordinary manner of ironing." "Discard," says he, "the mistaken idea that the disease is cerebro-spinal meningitis." How absurd! What else is cerebro-spinal meningitis, but cerebro-spinal men-Why the idea is preposterous.
